**NOTICE OF UPCOMING BUNKER INCREASE – THE BAHAMAS**  
**Effective November 9<sup>th</sup>, 2026**

Dear Valued Customer,

We would like to inform you of an upcoming **Bunker Increase** for shipments to and from **Nassau, The Bahamas**.

Due to recent volatility in global fuel markets and the resulting increase in marine fuel costs, Antillean Marine will implement a **Bunker Adjustment effective November 9<sup>th</sup>** as outlined below.

| EQUIPMENT TYPE                                                                  | INCREASE    |
|---------------------------------------------------------------------------------|-------------|
| 20' Containers (Dry, ISO Tank, Flat Rack)                                       | \$ 13.00    |
| 20' Reefers                                                                     | \$ 20.00    |
| 40' Dry Container                                                               | \$ 26.00    |
| 40' Flat Rack                                                                   | \$ 26.00    |
| 40' Reefers                                                                     | \$ 40.00    |
| 45' Dry Container                                                               | \$ 29.00    |
| Vehicles Self Propelled per cft, less than 421 cft                              | \$ 10.00    |

| Motorcycles, Golf Cars, ATVs                                                    | \$ 6.00     |
| Machinery Self Propelled less than 1001 cft                                     | \$ 10.00    |
| Machinery Self Propelled 1001 cft and greater                                   | \$ 0.02/cft |
| Boats on Trailers, Utility Trailers, Other (Towable units) less than 1001 cft   | \$ 10.00    |
| Boats on Trailers, Utility Trailers, Other (Towable units) 1001 cft and greater | \$ 0.02/cft |
| Static OOG Cargo less than 501 cft                                              | \$ 2.50     |
| Static OOG Cargo 501 cft and greater                                            | \$ 0.02/cft |
| Dry LCL Cargo minimum less than 32 cft                                          | \$ 2.50     |
| Dry LCL Cargo 32 to less than 65 cft                                            | \$ 2.50     |
| Dry LCL Cargo 65 cft and greater w/m                                            | \$ 2.50     |

We understand that fuel adjustments impact both carriers and our customers, and we remain committed to managing these changes responsibly while continuing to provide reliable service and maintain schedule integrity.

We will continue to monitor fuel market conditions and keep you informed of any future developments.

We appreciate your continued partnership and trust in Antillean. Should you have any questions, please contact your Antillean representative.

With warm regards,

**Your Antillean Family**
